

Basic Detail Report

Basket

Date

c. 1890

Primary Maker

Klickitat

Medium

Cedar root, cherry bark?, horsetail root bark, grass

Description

Klickitat women are well known for their great skills in basketry. The technique they used to embellish the basket surface is called imbrication. As seen here, decorative fibers such as cedar root, cherry bark and

horsetail root bark are folded and sewn down to the coiled structure. The looped rim is an additional design choice.

Dimensions

Overall: 15 3/8 × 13 3/4 in. (39.1 × 34.9 cm)
