

Basic Detail Report

Bowl

Date
1830-1860

Primary Maker
Haida

Medium
Dall sheep horn, copper rivets

Description

Northwest Coast artists were skilled carvers of sheep horn, especially in the carving of bowls. First, the artist steamed and bent the horn into the desired shape, then the surface was carved with formline designs.

Dimensions

Overall: 5 × 7 1/4 × 8 5/8 in. (12.7 × 18.4 × 21.9 cm)
