

Spoon

Date

c. 1900

Primary Maker

Yurok

Medium

Elk antler horn

Description

Elk antler spoon, top of handle is circular with a hole punched through it. The rest of the handle has gently scalloped/waved edges. Before the handle becomes the spoon, there are 4 triangular shapes facing outward on each side of the handle. The spoon is a darker color than the handle

Dimensions

Overall: 2 1/4 × 2 × 6 1/4 in. (5.7 × 5.1 × 15.9 cm)
