Description

Silo 66: Concrete Stave, 60' x 18', not currently in use. Fire in 1992 burned the barn down and damaged the silo chute. Image of snow falling around a barn and silo. The silo is missing its roof and is made of cement. The barn is L-shaped with the portion behind the silo being shorter than the portion along the left side of the silo. There is also a tall grain bin on the far side of the barn. The driveway and yard around the barn has a light dusting of snow on it and tire tracks through it.
