

Fertilized Potato Plant

Date

c. 1940

Medium

Half frame 35mm Slide

Description

A man bends down in a field to show off two growing potato plants. Written on the slide is,"plants with and without fertilizer." It can be presumed that the plant on the right was fertilized and the one on the left was not. The soil has a lot of large gravel in it. The potatoes were grown in Tully, Onondaga County, New York.
