Basic Detail Report

Cutting Wood in Winter

Date

c. 1920-1930

Medium

Photographic paper

Description

Two men work outdoors in the snow cutting wood. They use a hit-and-miss engine to power a sawmill. Limbs are stacked in a cone shape behind one of the men. Split or

cut wood is piled on the left. A man stands to the left of the engine. A hill covered in barren trees is in the background.

Dimensions

Sight: $45/8 \times 31/2$ in. $(11.7 \times 8.9 \text{ cm})$
