## Barn

### Date

c. 1890-1910

### Medium

Glass Plate Collodion emulsion

### Description

Exterior view of a large barn. The building is an ell with a three story main barn on a fieldstone foundation and a gambrel roof. A main doorway flanked by windows is on

the ground level. A two story addition is off to the right side of the main barn. On the long side, the addition has windows on the first level and two sliding doors to the right. A single entry door is directly to the right of the main barn in the addition. On the end of the addition are two symmetrical windows on each level and a hay door on the second level. A wooden silo is behind the addition, on the right side of the main barn. The area for the silo is fenced in. The construction appears to be new. Behind the barn, a field of hops are growing.
