

Basic Detail Report

Borden Milk Depot

Date

c. 1907

Medium

Photographic print on heavy paper

Description

Exterior view of a Borden's milk depot in an unidentified town. The structure is in an ell with several buildings off the main structure. The main structure has two cupolas on the building. Most buildings are vented on the roof. A separate building is to the left of the main structures. A large stack is between the buildings. "Borden's" is painted on the side of the building in two places.

Dimensions

Sight: $3 \frac{3}{8} \times 5 \frac{3}{8}$ in. (8.6×13.7 cm)
