

Basic Detail Report

Threshing by Belt-Driven Power

Date

c.1950

Medium

photographic print on heavy cardstock

Description

On the right is a Steam Traction Engine that powering (likely) a threshing machine. One man sits on the traction engine and another man stands behind it. A tractor-drawn wagon of grain is on the left with two or three men working on it. The load of hay obscures the machine being used. A man stands on top of the machine behind the wagon of grain. Behind the thresher is a large mound of straw.;

Dimensions

Overall: 3 3/8 x 5 3/8 in. (8.57 x 13.65 cm)
