

Basic Detail Report

Solar Evaporation, Salt Manufacture

Date

c.1906

Medium

photographic paper, rigid card backing

Description

Men rake salt out of vats after the sun and air have evaporated the water from the brine in Syracuse. The wells in Syracuse produce natural brine that is pumped into reservoirs and then let into these evaporating vats.

Dimensions

Overall: 3 1/2 x 7 in. (8.89 x 17.78 cm)
