

Basic Detail Report

Threshing in a Field

Date

1915-1925

Medium

photographic paper

Description

A steam traction engine is in an open field powering a threshing machine with a belt. Two men stand on top of full wagons of grain placed on either side of the machine. They load the thresher by hand using hay forks. Additional open wagons are in the photograph. One smaller wagon is in partial view on the right side of the photo next to the traction engine. Another horse-drawn wagon that is larger is beyond the wagons filled with grain and the thresher. A flag flies near the front of the traction engine.

Dimensions

Overall: 3 1/4 x 5 1/2 in. (8.26 x 13.97 cm)
