

Basic Detail Report

Mining

Date

c.1890

Medium

Glass plate, collodian emulsion

Description

Four or five groups of people gather at various spots throughout a large mine yard. The yard has several piles of large rock piled throughout as well as scrap metal and lumber scattered around the ground. In the background and above the groups, a raised rail line runs through the image. The tracks are elevated and near the center of the frame and cross through a large structure, possibly an elevator to transport materials back and forth from the ground level to the elevated railway.

Dimensions

Overall: 4 × 5 in. (10.2 × 12.7 cm)
