Moving Barrels from Boat to Wagon

Date

c.1890

Medium

Glass plate, collodian emulsion

Description

A group of four men work to move barrels from a boat to two wagons parked next to the boat. The front wagon has a two horse team while the wagon in the back has a single horse. Two men lean against the cabin of the boat while another man sits in the back wagon, and the other stands in the front wagon. All men wear bowler hats and overalls, except the man in the back wagon who wears a dark suit.
