

Basic Detail Report

Men Threshing

Date

c.1890

Medium

Glass plate, collodian emulsion

Description

A group of about five men work moving hay from a large pile into a thresher to separate the grain. They work next to a large wooden barn. A ladder leans against the large pile of hay. One man stands on top of the pile, moving the hay to the machine. There is a large belt that runs between two parts of the machine. The belt is almost as long as the hay pile.

Dimensions

Overall: 3 1/2 × 3 1/2 in. (8.9 × 8.9 cm)
