

Basic Detail Report

Moving a Large Log

Date

c.1870

Medium

Lacquered Iron, Iodized Collodion

Description

Four men work at moving a large log along a dirt road. The log is strapped to the top of a wagon and pulled by a four horse team. A building with double entry doors and

two large windows on either side of the doors is in the background behind the men and horses. A smokehouse or other farm-type building is in the background and another structure is in partial view beyond that. The roadway is bordered by a split rail fence. Tire tracks are in the dirt of the road.
