Basic Detail Report

Subway

Date
2018

Primary Maker
Jonathan Kirk

Medium
Wood, glue, epoxy

Description
Backdrop made of a curved piece of wood, carved to look as though it's tiled; there is a porthole-like pit in the upper middle section. This backdrop is crossed by a more tightly bent path with short walls, which ends in a narrow cylinder. The path is also broken by seven holes cut into it, with the largest at the bend and the others becoming smaller the farther they are from it.

Dimensions
Overall: 15 3/4 × 29 1/2 × 7 in. (40 × 74.9 × 17.8 cm)
